

## Alex (Middle East)

- As you prepare your heart to remember our Lord's life, death, and resurrection, please continue to pray for this region and for many to be drawn to the Savior.
- As we continue to serve in the medical ministry, please pray that we would be friends full of faith, lifting up those who come through our doors to the One who is able to heal physically and spiritually.
- Please pray specifically for more workers from our own church family to get involved with the medical clinic on site at the church each Sunday and for wisdom in knowing how to address each follow-up need.
- .-Please pray that God will grow a desire in each young man attending Thursday Night studies to read Scripture and that they will fall in love with its author.
- Two of our youth helped with an outreach to Bedouin children in the South on Christmas Day. They were so impacted by sharing the Christmas story with the Bedouin (as I was, too, watching them do this!) that they are already asking when we can return. Please pray that God will use this as a powerful discipleship opportunity.
- My third semester of language school began in January. Please pray for my friends along this language route to experience true repentance as they hear about the One who is the most gracious of all. And please pray for me to be able to understand and communicate clearly and effectively.
- As I write this I am at home, isolating myself from the community as ordered by the government here, as many of you are also doing in your country. My classes have continued on-line, and I have had more time to reflect and pray as my activities with neighbors and friends have been suspended. Please do pray with me for this region and for others where Christ is least known and that this time will be an opportunity for many to put their hope in Him.

## Julianne Heilman (Asifiwe Child Care Ministries– Uganda)

- Pray that the children and staff will continue to be healthy and safe.
- Pray that the coronavirus passes through Uganda quickly, with minimal effect.
- Pray for the Lord to provide all that the children and staff need over the next few months.

## Ackson Kaonga (Zambia)

- For God to mitigate in the spiritual lives of our members as we are not allowed to assemble until the Covid 19 threat is out of the way. And most of our members cannot be reached through Internet.
- Pray for me too. I have a very painful shoulder which is sending the pain down to my left arm. The doctor says it is caused by a nerve disturbance.
- We are just coming to the end of our rain season here and we shall be going back to our plot of land for the final earth movements in readiness for the works. Pray that this will go well. In the past the excavator didn't not do a good job.

## Isaac Wabomba (Uganda)

- Pray for our situation in the country. Today the 30th March the president just announced a total lockdown in the entire country. No movement, no driving, every body to keep home except the police and army.
- Pray for our church staff in this time as they stay indoors that they be safe.
- Pray for our facility that the waters will go down. The rains have been much and waters of the lake have risen so high that half of our facility is entirely flooded affecting our school premises.
- Pray for me and my pastoral team that God will grant us wisdom to keep the flock in the Word during this time of lockdown.
- Pray for financial provision for the ministry during this time.

## Ben and Emily Spector (Croatia)

- This past week, we went through very scary earthquakes, left Croatia, and I (Emily) got a fever while in quarantine (Praise: test results negative for COVID-19).
- Please pray that we would be able to process all this and that the Lord would strengthen us.
- Pray for our little church in Zagreb, that they would remain encouraged, and for wisdom how to care for them while we're here.
- Pray for rest for us during this time home, and direction from the Lord moving forward.

## A & S (Middle East)

- Pray for Ali's mom who is very close to believing in Christ but has fears because of years being Muslim
- Pray for our online Bible Study. 300 viewed it which shocked us! We expected 15 from our Bible studies. Pray people would not just watch but answer our questions and engage conversations.
- Pray for M to repent and return to fellowship
- Pray for provision for the Syrians who have lost their jobs due to the quarantine as they rely on a daily paycheck for food
- Pray we can shine the light of Christ in our apartment complex where we are allowed to take walks
